

Bomma

Pebbles Pendant Small Configuration 5

Technical details

Country of Manufacture	 Germany
Manufacturer	Bomma
Designer	Boris Klimek
protection	IP20
Scope of delivery	LED
Diameter in cm	26
material	crystal glass, metal, Textile
cable color	black
cable length	250 cm
height adjustment	height determinable
dimming	on site dimmable with a trailing edge dimmer
Wattage	17.9 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	2,680
Color temperature in Kelvin	2,700 extra warm white
canopy dimensions	27 cm
Dimensions	H 79 cm Ø 26 cm

Description

This Bomma Pebbles Pendant Small consists of an oval, elongated glass and a spherical glass. The upper oval glass is in black, the lower spherical glass in white. If desired, the two glasses of the lamp can also be arranged the other way round. Each glass is made individually from mouth-blown crystal glass. With traditional glass blowing, there may be small bubbles or irregularities in the glass, these are signs of craftsmanship. Clear crystal glass is mixed with coloured glass during the production process, which makes the glass colour particularly long-lasting. Each glass is individually hand-worked, so the colour intensity and tone can vary.

The metal suspension of the pendant lamp is powder-coated in matt black. The cable with a maximum length of 250 cm can be shortened if necessary. On request, the lamp is also available with other cable lengths. An LED with a colour temperature of 2,700 Kelvin extra warm white is integrated as illuminant. Bomma also offers the Pebbles pendant lamp in other colour and shape combinations of the glasses. On request, it is also possible to put together a lamp with any glass combination.
