Knot Battery smoke brown

surface_of_reflector

- brass
- copper
- stainless steel
- black

Technical details

Country of Manufacture	🇨🇿 Czechia
Manufacturer	Brokis
Designer	Chiaramonte & Marin
Year of design	2021
protection	IP44
Scope of delivery	LED
Diameter in cm	30
material	glass, metal
dimming	Touch Dimmer
Wattage	4 W
LED	inclusive
Colour Rendering Index	>80
Luminous flux in lm	950
Color temperature in Kelvin	2,700 extra warm white
glass colour	smoke brown
Dimensions	H 46 cm	Ø 30 cm

Description

The Brokis Knot Battery PC1249 is a wireless table lamp with a rechargeable battery. It can be recharged as needed via the supplied USB cable. Depending on the brightness setting, the battery lasts up to six hours. The lamp can be switched and dimmed with a touch dimmer on the base of the lamp. The battery lamp has IP44 protection and is thus protected against splashing water from all sides and solid foreign bodies with a diameter of at least 1 mm.

This Knot Battery has a smoke brown, mouth-blown glass. At the bottom of the lamp, a reflector made of high-quality metal is integrated, which is hand-finished during production. The reflector is offered in these colours: Brass, brushed stainless steel, matt black and copper. A special feature of this lamp is the natural-coloured rope that runs through the lamp and is tied into a knot at the end. An LED with a colour temperature of 2,700 Kelvin extra warm white is integrated as illuminant. The Knot Cilindro Table Battery is also offered with a transparent, smoke grey or opal glass. **Here, the battery lamp is available with a glossy glass surface; on request, it is also offered with an internally frosted glass surface.**

Each lamp is sent with a high-quality paper envelope containing the installation instructions, white cotton gloves to handle the lamp gently, a certificate of authenticity and the BROKIS Small Catalogue. After opening the box, you will find a QR code that will take you to a short video showing you how to safely unpack and commission your new lamp, as well as detailed information on how to properly clean BROKIS lamps.
