

Lichtlauf

SirSimon

Oberfläche

- Silver
- white

Technical details

Country of Manufacture	 Germany
Manufacturer	Lichtlauf
Designer	Christoph Matthias
Year of design	2019
protection	IP20
Scope of delivery	LED
Diameter in cm	80
material	copper, steel
cable color	transparent
height adjustment	height determinable
Wattage	12 W
LED	inclusive
Colour Rendering Index	90
Color temperature in Kelvin	3,000 warm white
pendulum length	250 cm
Dimensions	H 50 cm Ø 80 cm

Description

The SirSimon by Lichtlauf floats in space like a three-dimensional free sketch. Each lamp consists of about 80 metres of copper wire, which is formed into a volume by hand and soldered. This special manufacturing process makes each SirSimon unique. The coating combines the structure into a luminous cloud. Part of the light of this light sculpture is emitted powerfully downwards, the rest is gently distributed upwards. The SirSimon pendant luminaire is perfectly suitable for glare-free illumination of tables, but also as a light sculpture in many other areas. The integrated LED with an output of 12 watts has a colour temperature of 3,000 Kelvin. The light of the integrated LED is characterised by very good colour rendering with a high colour rendering index of Ra 90. This height-adjustable LED lamp is available in white coated and silver tinned finishes. This handcrafted light sculpture is approx. 50 cm high, has a diameter of approx. 60 cm to 80 cm and has a maximum pendant length of 250 cm. Special sizes and colours are available on request. In addition, the SirSimon is also available in other pendulum lengths (up to a maximum of 700 cm) on request.
