

Lichtlauf

SirSimon

Oberfläche

- Silver
- white

Technical details

Country of Manufacture	 Germany
Manufacturer	Lichtlauf
Designer	Christoph Matthias
Year of design	2019
Protection class / IP rating	IP20
Contents of the package	LED
Diameter in cm	80
material	copper, steel
cable color	transparent
Height adjustment	height determinable
Wattage	12 W
LED	inclusive
Colour Rendering Index	90
Color temperature in Kelvin	3,000 warm white
bulb exchange	at the manufacturer / at the factory
pendulum length	250 cm
Dimensions	H 50 cm Ø 80 cm

Description

The SirSimon by Lichtlauf floats in space like a three-dimensional free sketch. Each lamp consists of about 80 metres of copper wire, which is formed into a volume by hand and soldered. This special manufacturing process makes each SirSimon unique. The coating combines the structure into a luminous cloud. Part of the light of this light sculpture is emitted powerfully downwards, the rest is gently distributed upwards. The SirSimon pendant luminaire is perfectly suitable for glare-free illumination of tables, but also as a light sculpture in many other areas. The integrated LED with an output of 12 watts has a colour temperature of 3,000 Kelvin. The light of the integrated LED is characterised by very good colour rendering with a high colour rendering index of Ra 90. This height-adjustable LED lamp is available in white coated and silver tinned finishes. This handcrafted light sculpture is approx. 50 cm high, has a diameter of approx. 60 cm to 80 cm and has a maximum pendant length of 250 cm. Special sizes and colours are available on request. In addition, the SirSimon is also available in other pendulum lengths (up to a maximum of 700 cm) on request.
