Technical details

Country of Manufacture	 Germany
Manufacturer	Betec
Designer	Horst Lettenmayer
Protection class / IP rating	IP20
Contents of the package	LED
Projection in cm	25
material	brass
Wattage	34.1 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	3,277.1
Color temperature in Kelvin	2,700 extra warm white
Dimensions	H 21,5 cm L 100 cm

Description

This Betec Angulus is an angular lamp that fits well with many picture frames. It has a lamp head that can be rotated around its own axis. This makes it ideal for illuminating pictures, menus and music stands. A Duo LED is integrated as the light source. A Duo LED consists of two LEDs in one housing and therefore has a particularly high light output. A diffuser cover ensures glare-free, uniform light. The Angulus is offered here with a length of 100 cm and a projection of 25 cm (bracket type 25).

The Betec Angulus 100 cm is available in the surfaces brass glossy, brass matt, chrome, nickel glossy, nickel matt, burnished, black matt, gold glossy and gold matt. With the included mounting set, the lamp can easily be attached directly to a picture or to the wall. As standard, the picture light has a colour temperature of 2,700 Kelvin extra warm white. On request, it is also available with 2,400 Kelvin extra warm white, 3,000 Kelvin warm white or 3,100 Kelvin white. The integrated LED is characterised by very good colour rendering with a high colour rendering index of Ra >90. A touch dimmer is offered as an accessory, with which the lamp can be switched and dimmed by touch. In addition, the lamp is available in three other lengths and with a projection of 15 cm or 20 cm.
