## Technical details

<b>Country of Manufacture</b>	 Spain
<b>Manufacturer</b>	Arturo_Alvarez
<b>Designer</b>	Hector Serrano
<b>Year of design</b>	2021
<b>Protection class / IP rating</b>	IP64
<b>Contents of the package</b>	Leuchtmittel/Bulb
<b>material</b>	stainless Steel, steel
<b>cable color</b>	black
<b>Height adjustment</b>	height determinable
<b>dimming</b>	dimmable on site
<b>Base / Socket</b>	E27
<b>Power (max. Watt)</b>	15 Watt
<b>canopy dimensions</b>	12 cm
<b>total height</b>	150 cm
<b>Dimensions</b>	H 42 cm   B 36 cm   L 47 cm

## Description

The Arturo Alvarez Ballet Elance BALA04-EXT is an outdoor lamp with IP64 protection. With this protection class, it is dustproof and protected against splashing water from all sides. Its lamp shade has a length of 47 cm and a width of 36 cm. It is 42 cm high and is made of extremely flexible stainless steel mesh. The brand Arturo Alvarez has developed this stainless steel mesh especially for its lamps. It is particularly compact, resistant and very malleable.

The Ballet Elance BALA04-EXT outdoor pendant light comes with a black, waterproof neoprene cable. It has a maximum total height of 150 cm, its cable can be shortened if necessary. It can be operated with an E27 LED retrofit. The pendant light is available in the surfaces white and grey. On request, the lamp is also offered in taupe and beige.

The Ballet collection is the result of experiments in which shapes emerge from the overlapping or joining of their vertices, leaving freedom to the flexible nature of the material itself. Ballet Elance is one of the pendant lights in the collection designed by Hector Serrano that represents a state of dance. Flowing, natural and asymmetrical volumes that change their shapes depending on the angle of view. Plie, Releve, Elance... a constant dance of light and shadow.
