### Description

The Light in Space Ocular Spot 1 semi-recessed round has a swivelling lens with a diameter of 67 mm. The Ocular lenses focus and control the light in a precise, glare-free manner, creating superior light quality. With a swivel and tilt joint, the lamp head can be directed exactly where the light is needed.

The Ocular Spot 1 semi-recessed round is a wall / ceiling spotlight with a round recessed box. This is semi-recessed into the wall or ceiling. The lamp is made of stainless steel and is available with a matt nickel or polished finish. An LED with a beam angle of 60° is integrated in the spotlight.
