

Knapstein

TESSA-T

Oberfläche

- nickel
- black
- bronze

Technical details

Country of Manufacture	 Germany
Manufacturer	Knapstein
Year of design	2023
overhang	42,5
Materials	Acryl, Steel
lamp base	Ø22 cm
Dimmability	gesture control
Power in watts	17 W
LED #	inclusive
Colour rendering index (CRI / Ra)	>90
luminous flux	1904
color temperature (kelvin)	2.200 - 3.500
Protection class / IP rating	IP20
Contents of the package	LED
bulb exchange	at the manufacturer / at the factory
Dimensions	H 47 cm

Description

The Knapstein TESSA-T LED table lamp is equipped with a sensor dimmer that can be used to switch the lamp, dim it continuously and change the light colour. The sensor is located on the underside of the light source. Simply swipe the sensor to switch the TESSA-T table lamp on or off. The light colour can be adjusted to a warmer tone (from a colour temperature of 3,500 Kelvin warm white to 2,200 Kelvin extra warm white). All dimming and light colour settings are saved using the memory function and automatically reset the next time the light is switched on. This flexibly adjustable table lamp has a ball joint at the base. An additional swivelling and tilting joint on the lamp arm and reflector ensures precise alignment of the light. The Knapstein TESSA-T is available in various surfaces.
