

Holtkoetter

Supernova S-DTW

Oberfläche

- aluminum
- brass
- platinum
- black
- bronze
- white

Technical details

Country of Manufacture	 Germany
Manufacturer	Holtkoetter
Designer	Holtkötter
Year of design	2024
material	Aluminium
Wattage	16 W
LED #	inclusive
Colour Rendering Index	>90
Luminous flux in lm	2500
Color temperature in Kelvin	2.200 - 2.850
protection	IP20
Scope of delivery	LED
dimming	Push button dimmer at the light rod
lamp stand dimensions	21 cm
light head dimensions	18 cm
bulb exchange	on site itself
Dimensions	H 105-175 cm

Description

With 2500 lumens and a colour rendering index of RA>90, the Holtkötter Supernova S-DTW leaves nothing to be desired in terms of the light emitted. The lamp head, which can be rotated and swivelled in all directions, allows the light to be individually directed. The light can be infinitely adjusted using a centrally mounted touch dimmer. When dimmed, the light colour of the integrated LED changes to a warmer tone (from 2,850 Kelvin warm white to 2,200 Kelvin warm white) thanks to dim-to-warm technology. The last light setting used is saved using the memory function. The height is adjusted using an integrated, invisible lift mechanism. The Holtkötter Supernova S-DTW is available in matt aluminium, anodised brass, platinum, white, bronze and black.
