

Vibia

Duo Petra 4871

Oberfläche

- crema
- grafito
- blanco

Dimmbarkeit

- DALI regulable
- con módulo Casambi

Technical details

País de origen	 España
Fabricante	Vibia
Diseñador	Ramos & Bassols
diámetro	47,5
Materiales	Aluminium, Stein, Kunststoff / Aluminium, stone, plastic
Potencia en vatios	26,5 W
LED #	inclusive
Índice de reproducción cromática (CRI / Ra)	90
Flujo luminoso en lm	1901-2461
Temperatura de color en kelvin	2.220 - 4.000
Índice de protección / Protección IP	IP20
Contenido del paquete	LED
Dimensions	H 12,5 cm Ø 47,5 cm

Descripción

The Vibia Duo Petra 4871 is an LED ceiling light designed for rooms with low ceilings where a pendant lamp is not suitable. The cylindrical Vibia Duo Petra 4871 ceiling light has a diameter of 47.5 cm and is 12.5 cm high. The Vibia Duo Petra 4871 ceiling light has a lampshade with an outer surface made of lacquered aluminium and an inner surface made of slate in a light, warm colour. Inside the lampshade is a diffuser made of white polycarbonate, which distributes the light from the integrated LEDs evenly and glare-free. The luminaire emits direct light downwards, emphasising the inside of the slate in an atmospheric way. This cylindrical ceiling light is available in cream, white or graphite. The Vibia Duo Petra 4871 is available both as a DALI-dimmable version and with an integrated Casambi module. The lamp with integrated Casambi module can be dimmed with the Casambi app via smartphone / tablet via Bluetooth. It can be operated easily and intuitively via mobile devices using the free CASAMBI app (iOS and Android). The adjustable lighting with Tunable White enables comprehensive control of the colour temperature: depending on the desired atmosphere, the colour temperature can be precisely set for each scene.
