distribución de la luz	luz de la habitación
lámpara incluida	no
Dimensions	B 14 cm

Descripción

The Next DNA wall-ceiling single is a wall and ceiling lamp characterised by its extravagant design. It consists of one single basic element for three lamps. The colouring in white, copper, black or chrome provide the wall and ceiling lamp with a touch of elegance. There are further lights out of this series on offer, among these pendant and table lamps. All lights from this series are perfectly combinable. **The bulbs are exclusive.**
