Descripción

The Vibia Bamboo 4801 - 4803 is a 90 cm high bollard light for outdoor use. Two efficient 2.1 watt LEDs are included to ensure a direct, localized light emission. With IP66, the lamp is optimally protected against water and also dust proof. The design of the lights is an idea from Antoni Arola and Enric Rodríguez. The outdoor light is offered in khaki, brown and off-white (cream-white). Two versions are available: In the version 4801, the Bamboo lamp is anchored with a ground spike into the ground. The Bamboo 4803 version is permanently into the ground.
