

Vibia

Algorithm 0820

Oberfläche

- gris grafito
- blanco

Technical details

País de la Fabricación	 España
fabricante	Vibia
diseñador	Toan Nguyen
año	2015
protección	IP20
Volumen de suministro	LED
Diámetro en cm	9
material	acero, aluminio, policarbonato, vidrio
ajuste de altura	altura determinada
Atenuación	1-10V regulable
Potencia en vatios	3,15 W
LED	incluyendo
Indice de reproduccion cromatica	>90
El flujo luminoso en lm	312
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Dimensiones del dosel	19 cm
reemplazo de la bombilla:	en el fabricante / en la fabrica
altura total	200 cm
Dimensions	H 39 cm Ø 9 cm

Descripción

The Vibia Algorithm 0820 is a single pendant lamp. It consists of a ball of blown glass with a diameter of 9 cm. The lamp has a height of 39 cm. It is available with two surfaces for glass mounting: graphite-grey and white matt. The glass mounting is made of aluminum, the diffuser made of polycarbonate and the canopy made of steel. The cable is height determinable.

The lamp is delivered with a build-up canopy, on request it is also available with a built-in canopy. The Algorithm 0820 was developed by the Paris-born designer Toan Nguyen. He was inspired by geometrical patterns from nature. An LED with a power of 3.15 watts as well as a colour temperature of 2,700 Kelvin extra warm white is included. On request, the lamp is also offered with 3,500 Kelvin white. The LED is on site dimmable at 1-10 volt. It can also be dimmed on site with DALI or Push. On request, a version is also available which can be dimmed via a smartphone with Casambi module. With a Casambi module, it is possible to operate the lamp via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the light on at specific times via a timer.
