

Vibia

Algorithm 0875

Oberfläche

- gris grafito
- blanco

Technical details

País de origen	 España
Fabricante	Vibia
Diseñador	Toan Nguyen
año	2015
Índice de protección / Protección IP	IP20
Contenido del paquete	LED
material	acero, aluminio, policarbonato, vidrio
Atenuación	1-10V regulable
LED	incluyendo
Indice de reproduccion cromatica	>90
El flujo luminoso en lm	7.494
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Dimensiones del dosel	29 cm
reemplazo de la bombilla:	en el fabricante / en la fabrica
El rendimiento del sistema	24 x 3,15 Watt
Dimensions	B 60 cm

Descripción

The Vibia Algorithm 0875 consists of 24 pendant lights arranged in three rows of equal size. The suspension of the 24 pendant lights has a length of 185 cm and a width of 60 cm. Each pendulum on this lamp has a length of 120 cm lower edge glass / suspension. Each pendulum has a hand-blown glass with a diameter of 9 cm. The aluminum glass mountings are available in graphite.

The canopy is mounted on the ceiling. Below this hangs the suspension. The distance between ceiling and suspension can be freely chosen between 16 - 200 cm. The cable length is set at 120 cm and cannot be shortened. If required, please let us know the desired cable length. On request, the lamp is also available with a recessed canopy. Paris-born designer Toan Nguyen designed the pendant lights in 2015 and was inspired by geometric structures found in nature. The pendant lamp is supplied with a colour temperature of 2,700 Kelvin extra warm white. On request it is also on offer with 3,500 Kelvin white. The 24 inclusive LEDs can be dimmed by the customer with 1-10 volts. Dimming with DALI or Push is also possible on site. A dimmable version by smartphone with Casambi module is also available on request. With a Casambi module, it is possible to operate the lamp via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the light on at specific times via a timer.
