<b>Dimensions</b>	H 24 cm

## Descripción

This Nyta Tilt Wall has a cable and plug so that it can be connected independently of the power outlet. The textile cable has a length of 300 cm. This wall lamp is offered with the following surfaces for the shade: white, black and grey. All three shades are available with the cable colours white, black, grey, red, light blue and light green. The lamp shade can be rotated up to 360 degrees and tilted maximum 110 degrees, allowing the light distribution to be changed again and again. The shade is made of matt lacquered aluminum and has a diameter of 18 cm. The shade is fixed to the wall bracket with a polished stainless steel arm. The wall bracket is always in the matching colour to the shade. An on/off switch is integrated on the wall bracket. The wall lamp has an E14 socket that can also be operated with replaceable E14 LEDs (retrofits).
