| <b>Dimensions</b>                            | H 59 cm  |

### Descripción

The Foscarini Filo Tavolo is a Table lamp with semi-diffused and direct down light. The base and the rod that support the cable and decorations are made of powder coated metal. The round electrical cable is covered with coloured fabric, the ON/OFF switch on the cable is black, as is the plug. The two decorative elements are made of entirely hand-crafted mould-less hand-blown glass. The different shapes and decorations are conferred directly to the product during processing. The lamp shade, which contains the retrofit LED lamp, is made of china and its shape is obtained in a mould. The eight default versions differ in the colour of the cable, and in the shapes and colour of the glass elements and in the colour of the base.

This lamp is offered in eight versions:

|            |                        |                   |
