Descripción

The Marset Discoco 68 is a pendant lamp consisting of 35 discs. The discs are arranged on different levels and partly overlap each other. Most of the light is emitted directly downwards by the lamp, some of it is also emitted to the side. Since the discs also act as reflectors, the pendant lamp also illuminates itself. The lamp with a diameter of 68 cm is available in the surfaces grey matt, beige matt, black/gold glossy and white glossy. The cable of the lamp has a maximum length of 200 cm and can be shortened if necessary. On request, the white version is also available with a cable length of 500 cm. The lamp can be operated with three LED Globe Retrofit lamps. This lamp is also available as a wooden version, the Discoco Wood 68.
