Descripción

The lamp shade of the Bover Dome 90 LED pendant lamp in beech veneer has a diameter of 91.5 cm and is 57 cm high. The shade of this pendant lamp is made of more than 170 small and large wood fragments. The light is emitted directly downwards but also diffusely, through the gaps in the mesh of the lampshade, and simultaneously distributed to the sides. The Bover Dome 90 is available with a matt white suspension. This lamp can be infinitely adjusted in height between 120 cm and 400 cm in one easy step. This pendant lamp is equipped with LED technology and thus ensures low energy consumption. By means of a phase dimmer (TRIAC), the Bover Dome 90 LED pendant lamp can be dimmed on site. The colour temperature of the 25 Watt LED is 2,700 Kelvin (extra warm white).
