## Descripción

The Mawa One Piece 9 wall lamp radiates its light upwards to the ceiling and to the wall behind it. The light illuminates the ceiling evenly and glare-free and is also reflected into the room. The lamp is 20 cm deep and has a width of 36 cm. On top of the lamp there is a printed cover made of borosilicate glass integrated, which provides a soft light gradient. The ceiling floodlight is manufactured in folding technique from a single piece of aluminum and is available in the powder-coated surfaces white matt and dark bronze. The One Piece 9 is operated with an integrated LED, which has a colour temperature of 2700 Kelvin extra warm white. On request, the lamp is also available with a colour temperature of 3,000 Kelvin warm white or 4,000 Kelvin white.
