

# Knapstein

## SARA-40

### Oberfläche

- níquel
- negro
- bronce

### Technical details

País de la Fabricación	 Alemania
fabricante	Knapstein
diseñador	Knapstein
año	2020
protección	IP20
Volumen de suministro	LED
Diámetro en cm	40
material	latón
ajuste de altura	altura ajustable
Atenuación	control por movimientos
Potencia en vatios	46 W
LED	incluyendo
Indice de reproduccion cromatica	>90
El flujo luminoso en lm	5.000
Temperatura de color en grados Kelvin	2200 - 3000 ajustable
Dimensiones del dosel	30 cm
reemplazo de la bombilla:	en el fabricante / en la fabrica
altura total	70 - 170 cm
Dimensions	H 5,5 cm   Ø 40 cm

### Descripción

The Knapstein SARA-40 is a ring-shaped pendant lamp with a diameter of 40 cm. By pulling or lifting the lamp, the total height of the lamp can be continuously adjusted between 70 cm and 170 cm. The lamp can also be suspended at an angle. The light is emitted by this lamp simultaneously upwards and downwards. Its uplight and downlight can be switched separately by gesture control and can also be dimmed continuously. The light colour for the uplight and downlight can be adjusted to a warmer tone using gesture control (from a colour temperature of 3,000 Kelvin warm white to 2,200 Kelvin extra warm white). All dimming and light colour settings are saved via the memory function and are automatically reset the next time the light is switched on.

The lamp can be switched on or off with a wiping movement of the hand within the sensor range. To dim the lamp continuously, hold your hand in the sensor area for a longer period of time. When the dimming process is complete, the lamp flickers briefly. To set the desired light colour, the hand is then held in the sensor range again for a longer period of time. The SARA-40 is available in matt nickel, black and bronze effect. No visible screws are visible on the ceiling canopy, as the canopy is held by magnets. A pendant lamp with a diameter of 60 cm is also available from the series. On request, the SARA is also offered in other lengths or surfaces.
