Descripción

The Bopp Close round 3-light ceiling light has a diameter of 20 cm and a height of 1.5 cm. The LED ceiling light is available in the surfaces anodised aluminium, anodised black and anodised white. This round as well as very flat designed ceiling light made of aluminium has three integrated LEDs that emit warm white light. The light of the LEDs is characterised by a very good colour rendering with a very high colour rendering index of Ra 95. When dimming the Bopp Close ceiling light, the light colour of the LEDs changes to a warmer tone (from 3,000 Kelvin warm white to 2,000 Kelvin extra warm white) thanks to the dim-to-warm technology.
