Disc Pendant

Aufhängung

- negro
- cobre
- plata

Technical details

País de origen	 Chequia
Fabricante	Bomma
Diseñador	Olgoj Chorchoj Studio
Índice de protección / Protección IP	IP20
Contenido del paquete	LED 230 Volt
Diámetro en cm	55
material	crista vidriol, metal, Textil
Color del cable	negro
longitud del cable	250 cm
Ajuste de altura	altura determinada
Atenuación	Regulable en el sitio
Base / Portalámparas	E27
Alimentación (máx. Watt)	13 Watt
LED	incluyendo
Dimensiones del dosel	14 cm
el color del vidrio	claro
reemplazo de la bombilla:	en el sitio mismo
Dimensions	H 45 cm Ø 55 cm

Descripción

The Bomma Disc Pendant has a mouth-blown, clear glass with a diameter of 50 cm. Including its suspension, it has a height of 44.5 cm. Each glass is made of crystal glass and is mouth-blown in individual production, therefore small bubbles or irregularities in the glass can occur. The Disc pendant lamp is offered with a metal suspension in silver nickel or black powder-coated. The canopy and the lamp socket are delivered in the matching colour of the suspension. The cable has a maximum length of 250 cm and can be shortened if necessary. Special lengths for the cable are also available on request. The lamp is operated with a replaceable E27 LED retrofit.

The light is emitted homogeneously in all directions with this pendant lamp with clear glass, whereby light reflections are partially created on the glass. Bomma also offers the Disc Pendant Metal from the series with a glass that is half covered with metal.
