

Bomma

Pebbles Pendant Large Configuration 6-7

Version

- rojo
- negro

Technical details

País de la Fabricación	 Chequia
fabricante	Bomma
diseñador	Boris Klimek
protección	IP20
Volumen de suministro	LED
Diámetro en cm	26
material	crista vidriol, metal, Textil
Color del cable	negro
longitud del cable	250 cm
ajuste de altura	altura determinada
Atenuación	Regulable en el sitio con control de fase inversa
Potencia en vatios	25,5 W
LED	incluyendo
Indice de reproduccion cromatica	>90
El flujo luminoso en lm	3.800
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Dimensiones del dosel	27 cm
Dimensions	H 118 cm Ø 26 cm

Descripción

The Bomma Pebbles Pendant Large consists of four differently shaped glasses. Three of the four glasses of this pendant lamp are always in the same colour combination. The second glass from the top is offered in the versions black or red. The other glasses have these colours in both versions:

- the top glass is light grey
- the third glass from the top is white
- the lowest glass is black.

If desired, it is also possible to arrange the four glasses of the lamp in a different order. Each glass is made individually from mouth-blown crystal glass. With traditional, hand-blown glass, there may be small bubbles or irregularities in the glass. During production, clear crystal glass is mixed with coloured glass, which makes the glass colour particularly long-lasting. As each glass is individually hand-finished, the colour intensity and shade may vary.

The metal suspension of the pendant lamp is powder-coated in matt black. The cable has a maximum length of 250 cm and can be shortened if necessary. On request, the pendant lamp is also available in other cable lengths. An LED with a colour temperature of 2,700 Kelvin extra warm white is integrated as illuminant. Bomma also offers the Pebbles pendant lamp in other colour and shape combinations of the glasses. A lamp with any glass combination can also be put together on request.
