

Akari

Benice small

Technical details

País de origen	 Alemania
Fabricante	Akari
Diseñador	Erika Gülich
Diseñador 2	Arno Strack
Índice de protección / Protección IP	IP20
Contenido del paquete	LED
Profundidad en cm	13
material	acero Inoxidable
angulo del rayo	35 grados
Atenuación	Regulable en el sitio con control de fase inversa
Potencia en vatios	8 W
LED	incluyendo
Indice de reproduccion cromatica	>90
El flujo luminoso en lm	520
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Dimensions	H 9 cm B 8 cm

Descripción

The Akari Benice small is a rectangular wall lamp made of matt stainless steel. The light is emitted from the lamp upwards and onto the wall, creating a cone of light on the wall. The Benice is reminiscent of a cube, but is not completely square. It is 8 cm wide and 13 cm deep. Its height is 9.3 cm. The different side lengths give the wall lamp a certain extravagance, which is also reflected in the unusual light design. A protective glass is integrated above the light source. The Benice small is operated with an integrated LED. The LED has an output of 8 watts and a colour temperature of 2,700 Kelvin extra warm white. In addition to this wall lamp, Akari also offers a larger lamp from the series with a width of 13 cm and a height of 15.1 cm.
