

LDM

Drop Move Trio Surface-mounted

Oberfläche

- aluminio mate
- aluminio pulido
- negro
- bronce
- blanco

Dimmbarkeit

- DALI regulable
- Regulable en el sitio con control de fase inversa
- con módulo Casambi

Technical details

País de la Fabricación	 Alemania
fabricante	LDM
diseñador	Jürgen Glauner
protección	IP20
Volumen de suministro	LED
material	aluminio
Color del cable	transparente
longitud del cable	50 - 200 cm
ajuste de altura	altura ajustable
LED	incluyendo
Indice de reproduccion cromatica	>95
Temperatura de color en grados Kelvin	Dim to warm
Dimensiones del dosel	Longitud 150 cm, anchura 6,5 cm, altura 2,7 cm
Diamètre de l'ombre	7 cm
Altura de pantalla	19 cm
reemplazo de la bombilla:	en el fabricante / en la fabrica
El rendimiento del sistema	3 x 8,75 Watt
Flujo total luminoso en lm	2.343

Descripción

The LDM Drop Move Trio Surface-mounted is a pendant lamp with three height-adjustable lamps on a rectangular canopy. For each lamp, the cable length can be adjusted individually from 50 cm to 200 cm. The light is focused by frosted optical lenses and emitted homogeneously downwards. The lamps are positioned at a distance of 60 cm from each other. The canopy is 150 cm long and rectangular at the ends. It is always supplied in the same finish as the lamps. On request, the pendant lamp is also available with a rounded canopy and with special lengths for the cables.

The Drop Move Trio Surface-mounted is available in polished aluminum, matt aluminum, bronze, matt white and matt black. All elements of the lamp are always in the same finish as the lamp itself. On request, lamps are also available in all finishes above with a topping in polished aluminum, matt aluminum, bronze, matt white and matt black.

The Drop Move Trio Surface-mounted is offered in three versions: dimmable on site with a trailing edge phase dimmer, DALI dimmable or with an integrated Casambi module. The DALI version requires a 5-core mains cable. With a Casambi module, the lamp can be operated by smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching and dimming several suitable lamps separately in groups.

When dimming the triple pendant lamp, the light colour of the integrated LEDs changes to a warmer tone (from 3,000 Kelvin warm white to 1,800 Kelvin extra warm white) due to the used Dim-to-warm technology. A single, a double or a quadruple lamp (on request) and the Drop with a shortenable, height-determinable cable are also offered from the Drop series.
