Pila Pendant Lamp

Technical details

País de la Fabricación	 Alemania
fabricante	Domus
año	1997
protección	IP20
Volumen de suministro	Leuchtmittel/ Bulb
material	Lunopal, madera
Color del cable	negro
longitud del cable	200 cm
ajuste de altura	altura determinada
Atenuación	Regulable en el sitio
base/portalámparas	E27
Alimentación (máx. Watt)	75 Watt
Color de la pantalla	blanco
Diamètre de l'ombre	30 cm
Altura de pantalla	22 cm

Descripción

The eye-catcher of this pendant lamp is the elegantly curved arch, which is made from a single solid piece of wood in many working steps. This arch made of beech wood holds the two-part white lampshade made of Lunopal. Lunopal is a high-quality shade material developed by Domus. This material is thermally highly resilient and can withstand temperatures of up to 100°C. Lunopal is white transparent and gives the impression of fine Japanese paper. The environmentally friendly material is UV-resistant, washable and does not yellow. The black 200 cm long textile cable of this height-adjustable lamp deliberately contrasts with the white lampshade. The white lamp shade of the Domus Pila pendant lamp is 22 cm high and has a diameter of 30 cm. The Pila pendant lamp has an E27 socket and can be operated with conventional halogen bulbs as well as with LED retrofit bulbs.
