<b>Dimensiones del dosel</b>	12 cm
<b>El rendimiento del sistema</b>	3 x 12 Watt (max.)
<b>altura total</b>	250 cm
<b>Dimensions</b>	H 68 cm   B 70 cm   L 70 cm

## Descripción

The Arturo Alvarez Coral CO04-3-P pendant lamp consists of three lamps of the Coral series, which are suspended in different lengths from a decentralised canopy. The three lamps 1x Coral Seurchin COAU04, 1x Coral Sea COSE04 and 1x Coral Galaxea COGA04 are attached to a canopy with a diameter of 12 cm. The cables run out of the side of the round canopy and are fixed to the desired position on the ceiling with fasteners. This allows the position of the individual pendant lights in relation to each other to be determined by the customer. Thanks to the decentralised canopy, the multiple lamp can also be installed independently of the power outlet. This multiple lamp is available in white and grey. On request, the lamp is also offered in taupe and beige. The transparent cables of the lamp can be shortened if required. On request, the cables are also offered in black.

The Arturo Alvarez Coral CO04-3-P is supplied with E27 sockets and can be operated with LED retrofits. The total height of this pendant lamp is 250 cm. The lamp shades of this pendant lamp consist of an extremely flexible stainless steel mesh, which was specially developed by the Arturo Alvarez brand for lamps. This stainless steel mesh is highly malleable, very resistant and compact.
