Nans S/31.2 Outdoor

Schirmfarbe

- marfil pálido
- marrón
- rojo

Technical details

País de origen	 España
Fabricante	Bover
Diseñador	Joana Bover
año	2022
Índice de protección / Protección IP	IP65
Contenido del paquete	LED
material	acero inoxidable, aluminio, policarbonato, polietileno
Ajuste de altura	altura determinada
Atenuación	Regulable en el sitio con control de fase inversa
Potencia en vatios	9,5 W
LED	incluyendo
Índice de reproducción cromática	90
El flujo luminoso en lm	1.450
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Dimensiones del dosel	12 cm
Diamètre de l'ombre	32 cm
Altura de pantalla	46 cm
reemplazo de la bombilla:	en el fabricante / en la fabrica
altura total	200 cm

Descripción

The Bover Nans S/31.2 outdoor pendant light has a lamp shade made of a hand-woven, synthetic polyethylene fibre. The lamp shade has a diameter of 31.5 cm and is 45.7 cm high. The synthetic polyethylene fibre is so resistant and weatherproof that this lamp is also suitable as an outdoor lamp. With a protection rating of IP65, the pendant light is dustproof and protected against water jets from any angle. The light is emitted glare-free downwards through a diffuser made of polycarbonate. Due to the structure of the hand-woven lamp shade, the light is also emitted sideways.

The Nans S/31.2 Outdoor is offered with a lamp shade in the colours red, brown and beige. Its canopy made of stainless steel and aluminum always has a graphite-brown colour. The suspension of the lamp can be shortened if necessary. Its maximum total height is 200 cm. The pendant lamp is operated with an integrated LED that has a colour temperature of 2,700 Kelvin extra warm white. The LED can be dimmed on site with a trailing edge phase dimmer. A DALI or 1-10 volt dimmable version is also available on request. In addition, a version that can be dimmed with a Casambi module by smartphone via Bluetooth is also offered on request. This optionally available version with Casambi module can be operated easily and intuitively via mobile devices using the free CASAMBI app (iOS and Android). Casambi thus expands the control options with functions such as dimming, grouping of lamps, programming of groups and scenes, automations and much more.

Cala Nans is a small cove in Cadaques (Spain), accessible only by footpaths or by sea. An unspoilt corner of the Mediterranean, where vegetation and the vigilance of an old lighthouse make this place a primordial spot where all you can hear is the sound of the sea and the birds flying over the coast. The Nans lamp is characterised by high-quality craftsmanship of the lamp shades and creates a true Mediterranean style.
