Nans Sphere S/60 Outdoor

Schirmfarbe

- rojo
- marfil pálido
- marrón

Technical details

País de origen	 España
Fabricante	Bover
Diseñador	Joana Bover
año	2022
Índice de protección / Protección IP	IP65
Contenido del paquete	LED
material	acero Inoxidable, aluminio, policarbonato, polietileno
longitud del cable	200 cm
Ajuste de altura	altura determinada
Atenuación	Regulable en el sitio con control de fase inversa
Potencia en vatios	14 W
LED	incluyendo
Índice de reproducción cromática	90
El flujo luminoso en lm	1.400
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Dimensiones del dosel	12 cm
Diamètre de l'ombre	60 cm
Altura de pantalla	57 cm
reemplazo de la bombilla:	en el fabricante / en la fabrica

Descripción

The Bover Nans Sphere S/60 Outdoor is a pendant lamp with an almost spherical lamp shade made of a hand-woven, synthetic polyethylene fibre. Its lamp shade has a diameter of 60 cm and is 57 cm high. The 200 cm long cable of this pendant lamp can be shortened if necessary.

The Nans S/60 Outdoor is available with a lamp shade in the colours red, brown and beige. The ceiling canopy is made of stainless steel and aluminum and always has a graphite-brown colour. The synthetic polyethylene fibre of the lamp shade is so resistant and weatherproof that this lamp is also suitable as an outdoor lamp. With a protection rating of IP65, the pendant light is dustproof and protected against water jets from any angle. The light is emitted downwards and sideways through the lamp shade. A diffuser made of polycarbonate ensures glare-free light emission.

The pendant lamp is operated with an integrated LED that has a colour temperature of 2,700 Kelvin extra warm white. The LED can be dimmed on site with a trailing edge phase dimmer. A DALI or 1-10 volt dimmable version is also available on request. In addition, a version that can be dimmed with a Casambi module by smartphone via Bluetooth is also available on request. This optionally offered version with Casambi module can be operated easily and intuitively via mobile devices with the free CASAMBI app (iOS and Android).

Cala Nans is a small cove in Cadaques (Spain), accessible only by footpaths or by sea. An unspoilt corner of the Mediterranean, where vegetation and the vigilance of an old lighthouse make this place a primordial spot where all you can hear is the sound of the sea and the birds flying over the coast. The Nans lamp is characterised by high-quality craftsmanship of the lamp shades and creates a true Mediterranean style.
