Descripción

The Foscarini Bridge 2 directs its light downwards. The table lamp is reminiscent of the shape of a bridge. The lamp is made from a single, laser-cut piece of metal that is then folded into its shape. The table lamp is available in the surfaces dark red and brass. During production, the lamp in brass is polished so that the brass does not oxidise and discolour over time.

The Bridge 2 table lamp is 28 cm high and 29 cm long. The width is 11 cm. The lamp is operated with a power-efficient LED that has a colour temperature of 2,700 Kelvin extra warm white. With a sensor in the middle of the lamp, the light can be switched by hand movement. The Bridge 1 with a length of 49 cm is also available from the series.
