

Foscarini

Fleur

Farbe

- blanco
- rojo
- verde

Technical details

País de la Fabricación	 Italia
fabricante	Foscarini
diseñador	Rodolfo Dordoni
año	2023
Diámetro en cm	11
material	Glas und Metall
Atenuación	Regulador táctil
Potencia en vatios	1,6 W
LED #	inclusive
Indice de reproduccion cromatica	>90
El flujo luminoso en lm	188
Temperatura de color en grados Kelvin	3.000 blanco cálido
protección	IP20
Volumen de suministro	LED
Dimensions	H 24 cm Ø 11 cm

Descripción

A small portable table lamp, rechargeable and dimmable, which emits light downwards. The Foscarini Fleur is characterised by an elegant and careful proportion between the two volumes that make it up: The lightness of the transparent glass base, which tends to disappear from view, is complemented by a light body with a strong presence in coloured polished ABS. Sophisticated colours that match different surfaces. When the Foscarini Fleur is switched on, the light highlights the profile of the glass stem and is diffused upwards, illuminating the surface around the base, creating a wider beam of light than traditional battery-powered lamps thanks to the specially designed LED board. Fleur is also very efficient: it consumes just 1 watt, but its LEDs - which are quickly charged via a USB-C socket - can emit a bright, variable light thanks to a touch dimmer. The light can be adjusted to three levels or switched on/off. The product is supplied with a USB-C cable for charging the battery, charger not included. Thanks to its compact size, the table lamp can be placed on any side table, sideboard or desk. The Fleur table lamp from Foscarini is not only a light source, but also a stylish decorative element. The lamp is available in the colours red (burgundy), green (sage green) and white.
