Technical details

País de origen	 Alemania
Fabricante	Knapstein
año	2024
Profundidad	8,5
diámetro	40
Materiales	Acryl, Metall
Regulación de intensidad	dimmbable con control de fase inversa y con reguladores de control de fase
Potencia en vatios	39 W
LED #	inclusive
Índice de reproducción cromática (CRI / Ra)	>90
Flujo luminoso en lm	4338
Temperatura de color en kelvin	2.700 blanco cálido extra
Índice de protección / Protección IP	IP20
Contenido del paquete	LED
reemplazo de la bombilla:	en el fabricante / en la fabrica
Dimensions	Ø 40 cm

Descripción

The Knapstein ASTRA-40 has a curved metal cover with freely combinable outer structures. This metal cover is placed on a magnet attached to the mounting plate. By turning the cover on the magnet, the distance between the cover and the wall or ceiling can be changed by up to approx. 35 mm at any time, making it easy to customise the light outlet. The LED lamp offers an almost loss-free and glare-free light emission and allows flexible brightness control. The Knapstein ASTRA-40 emits indirect light, has a diameter of 40 cm and is 8.5 cm deep. This lamp can be mounted on the wall or ceiling. It is also possible to connect several ASTRA lamps together if an overlap is desired. The Knapstein ASTRA-40 is available in several surfaces and freely combinable external structures.
