

Holtkötter

Janus K

Struktur

- noir
- aluminium
- noir / laiton

Technical details

Pays de fabrication	 Allemagne
fabricant	Holtkötter
concepteur	Holtkötter
année	2024
Projection en cm	42
matériel	Mettall
réglage de la hauteur	réglable en hauteur
atténuation	Section de phase
Puissance en Watt	2 x 18 W
LED #	inclus
Indice de rendu des couleurs	>90
Flux lumineux en lm	5400
La température de couleur en Kelvin	2.200 - 2.850
protection	IP20
Contenu de la livraison	LED
tête de luminaire masse	18 cm
remplacement des ampoules :	sur le site meme

Description

With a total of 5,400 lumens and a color rendering index of over 90, the Holtkötter Janus K ceiling lamp offers powerful light that is emitted directly or indirectly as desired. The lamp arms attached to the sides of the rectangular canopy can be swiveled up to 180°. The lamp heads, which can be continuously rotated and swiveled in all directions and each contain a replaceable LED board, enable the light to be individually aligned. When dimming, the light color of the integrated LEDs changes to a warmer tone thanks to the dim-to-warm technology (from 2,850 Kelvin warm white to 2,200 Kelvin warm white). The maximum projection of the Janus K ceiling light is 42 cm. The ceiling canopy is 33 cm long, 6.2 cm wide and 3.6 cm high. The Janus K from the German manufacturer Holtkötter is available in the following surface structures: matt aluminum, black/anodized brass and black.
