Projection en cm	170
matériel	aluminium, La fibre de verre, métal, polycarbonate, polyméthacrylate de méthyle
couleur de câble	transparent
longueur de câble	330 cm
réglage de la hauteur	hauteur déterminée
atténuation	dimmerable sur place
Diamètre de l'ombre	46 cm
Hauteur de Abat	29 cm
Pied de lampe dimensions	60 cm
répartition de la lumière	directement et indirectement
Dimensions	H 212 - 224 cm

Description

The Foscarini Twiggy Terra is a lighting classic of the designer Marc Sadler. The composite material consisting of fiber-based for the lamp shade is attached to a flexible light arm that can be height-adjusted as needed by means of counterweights. The floor lamp has the shape of an arc lamp.

Applications of this floor lamp is broad: Whether as light in the seating area, a reading lamp next to a armchair or as an oversized desk lamp. The Foscarini floor lamp is available in the colours: white, crimson red, greige (a mixture of grey and beige), graphite and black. The light is also offered in different versions as a halogen or as an LED version. The LED version has a dimmer and the halogen version an on/off switch. For the extension of height and projection of the light extension arms can be used (available upon request), each of which is 40 cm high. The shade emits lights downwards and upwards.
