

Vibia

Origami 4500

surface

- vert
- blanc
- terra dark
- brun

Technical details

Pays de fabrication	 Espagne
fabricant	Vibia
concepteur	Ramón Esteve
protection	IP65
Contenu de la livraison	LED
Profondeur en cm	7
matériel	ABS, polycarbonate
atténuation	dimmerable sur place avec commande gradateur de phase inverse
Puissance en Watt	6,3 W
LED	y compris
Indice de rendu des couleurs	>90
Flux lumineux en lm	756
La température de couleur en Kelvin	2.700 extra blanc chaud
remplacement des ampoules :	sur le site meme
Dimensions	H 30 cm B 30 cm

Description

The Vibia Origami 4500 is one of two one-light, square wall lights of this lighting collection. It differs from its sister model, the Origami 4501, only by the arrangement of its "folds", so a crease runs in this variant horizontally through the entire light. The name of the series comes from the fact that the lights are reminiscent of the Japanese art of paper. The diffuser is made of polycarbonate and available in the surfaces green, brown, terra dark and white.

The design was created by Ramón Esteve. The Origami 4500 is suitable with its IP65 protection class for both the exterior and the interior. As lamps a powerful LED with 6.3 watts is included. The lamp can be dimmed with a trailing edge phase dimmer. The wall lamp convinces already singly, but is even more effective in combination with other lights of this series.

To a wall terminal up to 30 modules can be connected. For larger compositions ask us for a special connection system. If you need help in configuring your personal Origami wall art combination, please contact us also.
