

Vibia

Origami 4508

surface

- brun
- vert
- blanc
- terra dark

Technical details

Pays de fabrication	 Espagne
Fabricant	Vibia
Créateur	Ramón Esteve
Indice de protection / Indice IP	IP65
Contenu de la livraison	LED
Profondeur en cm matériel	7
atténuation	ABS, polycarbonate dimmerable sur place avec commande gradateur de phase inverse
LED	y compris
Indice de rendu des couleurs	>90
Flux lumineux en lm	3.025
La température de couleur en Kelvin	2.700 extra blanc chaud
remplacement des ampoules :	sur le site meme
Les performances du système	4 x 6,3 Watt
Dimensions	H 107 cm B 94 cm

Description

The Vibia Origami 4508 was named after the famous Japanese art of paper. The lamp, however, is not made of paper but of polycarbonate and ABS. It is available in the colours white, terra dark, green or brown. The design was created by Ramón Esteve. Even as a single lamp is the Origami 4508 a real eye-catcher, but particularly in combination with several lamps of the same series, which can be combined, a work of art is created on the wall. It is a wall light and can be used for indoor lighting, but also ideal for outdoor use with the protection class IP65 (spray water- and dustproof).

As lamps four modern LEDs are included with each 6.3 watts. They can be dimmed on site with a trailing edge phase dimmer. To a wall terminal, you can connect a maximum of 30 Origami modules. For larger compositions ask us for a special connection system. If you need help in configuring your personal combination, please contact us also.
