

Vibia

Set 7753

Oberfläche

- mink mat
- blanc mat

Technical details

Pays de fabrication	 Espagne
Fabricant	Vibia
Créateur	Xuclà
Indice de protection / Indice IP	IP20
Contenu de la livraison	Ampoule
Profondeur en cm	10
matériel	aluminium, polycarbonate, verre borosilicate
atténuation	0-10V dimmable
Puissance en Watt	9 W
LED	y compris
Indice de rendu des couleurs	>90
Flux lumineux en lm	1.269
La température de couleur en Kelvin	2.700 extra blanc chaud
Dimensions	H 45 cm B 38 cm

Description

The Vibia Set 7753 creates a fascinating game of light and shadow on your wall. This lamp is a combination of a single lamp LED Wall and four mobile, reflecting elements. At the bottom of the lamp a modern 9 watt LED is housed, which radiates its light upwards. The four upper parts of the Set 7753 can be pivoted about 360°. So the light of the lower part is guided always differently.

The Vibia Set 7753 is designed by Xuclà and is available by Vibia in the surfaces white matt and mink matt. The wall light can be dimmed on site with 0-10 Volt. As standard, this lamp has a colour temperature of 2,700 Kelvin extra warm white; on request, it is also available with 3,000 Kelvin warm white or 4,000 Kelvin white. As a single lamp the Set 7753 is just so same impressive as in combination with other Set lights. Then fascinating light objects arise on the wall.
