### Description

The Keilbach doormat Welcome is a beautiful and at the same time practical accessory for your entrance area. On the one hand the doormat welcomes every visitor friendly, on the other hand it can absorb a lot of dirt and moisture.

The doormat consists of dense, UV-resistant polyamide fibres with a hard-wearing and non-slip PVC back and a high-quality stainless steel element. This stainless steel element has a material thickness of 2 mm, the Welcome lettering has been lasered out.

The doormat can easily be washed in the washing machine at 30° C if required - the stainless steel element is simply removed for this purpose.

This doormat is available in two sizes:

Welcome large  
87 × 57 cm, 0.9 cm thick

Welcome small  
57 × 42 cm, 0.9 cm thick
