Description

With the Foscarini Tartan LED, the pattern on the lamp shade creates plays of light and shadow. This pendant lamp has a diameter of 40 cm and a height of 35 cm. When mounted, the lamp can be individually set in its total height. This Tartan is operated with a power-efficient LED and is offered as non-dimmable or dimmable. During production, the glass is blown into a mould with special indentations to create the effect of a check pattern. In addition, the lamp is treated with acid to create a soft, fabric-like appearance.
