Description

The Ingo Maurer Poul Poul is a table lamp fabricated in complex handwork making each lamp unique. Ingo Maurer and his team got the inspiration for this light from the Japanese sculptor Isamu Noguchi. Thus they designed the lamp collection The MaMo Nouchies of which this lamp is a part. The final shape of the lampshade is achieved by folding and pulling in several work processes. The Ingo Maurer Poul Poul radiates a warm diffuse lighting. The lamp has an integrated LED and is infinitely dimmable via a dimmer on the supply line.
