Description

The Vibia Palma 3736 pendant lamp consists of a horizontal light rod with three diffusers, a plant pot and an LED spotlight. The light rod has a total length of 195 cm. The three diffusers are made of hand-blown glass and emit their light glare-free into the room. The LED Spotlight illuminates the plant pot. This pendant lamp is available in graphite-grey. the surfaces are matt lacquered. The cable length can be shortened if required, a special cable length is also available on request. The integrated LEDs have a colour temperature of 2,700 Kelvin extra warm white, on request they are also available with a colour temperature of 3,000 Kelvin warm white or 4,000 Kelvin white. The pendant lamp is also available on request in a version that can also be dimmed with a Casambi module via a smartphone app. The lamp with Casambi module can be operated via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the light on at specific times via a timer.
