Wittenberg 4.0 ceiling lamp semi-flush LED

Oberfläche

- noir
- blanc

Technical details

Pays de fabrication	 Allemagne
Fabricant	Mawa
Créateur	Jan Dinnebier
Créateur 2	mawa engineering
Indice de protection / Indice IP	IP20
Contenu de la livraison matériel	LED
angle du faisceau	aluminium, métal
atténuation	38 degrees
Puissance en Watt	gradable avec variateur à coupure de phase et à commande de phase
LED	12,7 W
Indice de rendu des couleurs	y compris
Flux lumineux en lm	95
La température de couleur en Kelvin	2.100
tête de luminaire masse	2.700 extra blanc chaud
remplacement des ampoules :	8 cm
répartition de la lumière	sur le site meme
Dimensions	directement
	H 9 cm B 10 cm L 10 cm

Description

The Mawa Wittenberg 4.0 ceiling lamp semi-flush LED has an adjustable spotlight head. This lamp head is integrated semi-flush into the rectangular ceiling housing. It can be rotated 365 degrees and swivelled 90 degrees. The large light-emitting surface of the spotlight head is well glare-free. Neither screws nor cables are visible in the compact design of the lamp. This ceiling light is available with powder-coated white matt or black matt surfaces. On request, the lamp is also offered on request with a black ceiling housing and a lamp head in chrome, brass or copper.

The integrated LED has a colour temperature of 2,700 Kelvin extra warm white, on request it is also available with 3,000 Kelvin warm white or 4,000 Kelvin white. The Wittenberg 4.0 ceiling lamp semi-flush LED can be dimmed on site with a leading or trailing edge phase dimmer, on request it is also offered as a DALI dimmable version.

The radiator has a beam angle of 38 degrees. The beam angle determines the angle at which the light from an LED spotlight is emitted. With a larger beam angle, the light is distributed over a larger area. Optionally, the lamp can also be ordered with a beam angle of 12 or 24 degrees in the field Order Comment.
