Flux lumineux en lm	2.925
La température de couleur en Kelvin	2.700 extra blanc chaud
canopée Dimensions	20 cm
Dimensions	H 24 cm Ø 50 cm

Description

The Brokis Knot Disco smoke grey pendant lamp has a reflector at the top of the glass. This reflector is made of metal and is processed by hand during production. It is available in black matt, brass, brushed stainless steel and copper. The canopy always has the same colour as the reflector. This lamp is supplied with a smoke grey, mouth-blown glass. It has a diameter of 50 cm and a height of 23.5 cm. The Knot Lights by Brokis have a special feature: a cable runs completely through the lights and is tied in a knot at the bottom. The integrated LED emits glare-free room light. On request, the pendant lamp is also available as a not dimmable version. It is also supplied with smoke brown, transparent or opal glass. In addition, the series also includes the smaller Knot Small Disco with a height of 14.5 cm and a diameter of 30 cm.

If you like to order this article, please specify the length / distance between the ceiling and the lower edge of the lamp under the item Order Review in the field Order Comment.

Each light will be packaged and shipped with a quality paper envelope containing the installation manual, white cotton gloves for gentle handling of the light, a certificate of authenticity, and the BROKIS Small Catalogue. Upon opening the box, you'll find a QR code that will take you to a brief video on how to safely unpack your new light and get started as well as detailed information on how to properly clean BROKIS lights.
