Curling Suspension Tube new silver M

Farbtemperatur in Kelvin

- Dim to warm
- 2.700 extra blanc chaud
- 3.000 blanc chaud

Technical details

Pays de fabrication	 Allemagne
Fabricant	Serien Lighting
Créateur	Jean-Marc da Costa und Manfred Wolf
année	2020
Indice de protection / Indice IP	IP20
Contenu de la livraison matériel	LED
réglage de la hauteur	acier, aluminium, verre
atténuation	hauteur déterminée
Puissance en Watt	gradable avec variateur à coupure de phase et à commande de phase
LED	27 W
Indice de rendu des couleurs	y compris
canopée Dimensions	>97
Diamètre de l'ombre	8 cm
Hauteur de Abat	25 cm
remplacement des ampoules :	9 cm
hauteur totale	sur le site meme
	110 cm

Description

The Serien Lighting Curling Suspension Tube new silver M pendant lamp is suspended from the ceiling with a chrome-plated steel tube. During installation, it is possible to set the total height of the lamp individually. The total height is 110 cm. The lamp shade has a diameter of 25 cm and a height of 9 cm.

The Curling Suspension Tube new silver M is offered in three versions: with a colour temperature of 2,700 Kelvin extra warm white, 3,000 Kelvin warm white or with dim to warm function. In the version with dim to warm function, the dimming behaviour of classic incandescent lamps, which is perceived as pleasant, is imitated during dimming. This means that when the light is dimmed down, it does become darker, but also changes its colour temperature from 1,800 Kelvin extra warm white to 3,000 Kelvin warm white when dimmed. The Curling Suspension Tube with a shade in new silver is also available with a shade diameter of 18 cm.
