Description

The shape of the Gio Golden Gate pendant lamp is reminiscent of the Golden Gate Bridge. The lamp can be folded in on one side or on both sides. Depending on whether the lamp is partially, fully or not folded, its length varies from 80 cm to 160 cm. The pendant lamp is supplied in orange as standard. On request it is also available in other RAL colours. The six integrated LEDs emit their light downwards without glare and simultaneously illuminate the lamp itself. The Golden Gate is dimmable on site with a trailing edge phase dimmer. The ropes of the pendant lamp can be shortened if necessary.
