

Knapstein

SARA-60

Oberfläche

- nickel
- noir
- bronze

Technical details

Pays de fabrication	 Allemagne
Fabricant	Knapstein
Créateur	Knapstein
année	2020
Indice de protection / Indice IP	IP20
Contenu de la livraison	LED
Diamètre en cm	60
matériel	laiton
réglage de la hauteur	réglable en hauteur
atténuation	controle gestuel
Puissance en Watt	72 W
LED	y compris
Indice de rendu des couleurs	>90
Flux lumineux en lm	7.850
La température de couleur en Kelvin	2.200 - 3.000 réglable
canopée Dimensions	30 cm
remplacement des ampoules :	chez le fabricant / a l'usine
hauteur totale	70 - 170 cm
Dimensions	H 5,5 cm Ø 60 cm

Description

The Knapstein SARA-60 is a ring-shaped pendant lamp with a diameter of 60 cm. The ring has a closed shape. By pulling or lifting the lamp, the total height of the lamp can be infinitely adjusted between 70 cm and 170 cm. The lamp can also be suspended at an angle. The SARA-60 from Knapstein emits its light both upwards and downwards. The uplight and the downlight can be switched separately from each other as well as dimmed continuously by gesture control. Using gesture control, it is also possible to adjust the light colour for the uplight and downlight to a warmer tone (from a colour temperature of 3,000 Kelvin warm white to 2,200 Kelvin extra warm white). All dimming and light colour settings are saved via the memory function and are automatically reset when the light is next switched on.

The lamp is switched on or off by a wiping hand movement in the sensor area. To dim the light, the hand is held in the sensor area for a longer time. The lamp flickers up briefly after the dimming process is complete. The desired light colour can then be set by holding the hand in the sensor area again for a longer period of time. The SARA-60 is available in matt nickel, black and bronze effect. Its ceiling canopy has no visible screws, as the canopy is held in place by magnets. Besides this pendant lamp with a diameter of 60 cm, the SARA-40 is also available with a diameter of 40 cm. On request, the SARA is also offered in other lengths or surfaces.
