Aura S Glass

Oberfläche

- aluminium
- laiton
- platine
- noir

Glas

- cognac
- gris fumee
- opale
- amber
- opale mat

Technical details

Pays de fabrication	 Allemagne
Fabricant	Holtkoetter
Créateur	Holtkötter
année	2020
Indice de protection / Indice IP	IP20
Contenu de la livraison	LED
Projection en cm	38
matériel	métal, verre
réglage de la hauteur	réglable en hauteur
atténuation	Touchez gradateurs sur le bâton de lumière
Puissance en Watt	16,6 W
LED	y compris
Indice de rendu des couleurs	>95
Flux lumineux en lm	1.660
La température de couleur en Kelvin	Dim to warm
Diamètre du réflecteur	9 cm
Pied de lampe dimensions	25 cm
remplacement des ampoules :	chez le fabricant / a l'usine
Dimensions	H 120 - 150 cm

Description

The Holtkötter Aura S Glass is a floor lamp with a reflector with a mouth-blown glass. Each glass is made in traditional craftsmanship and is unique. The lamp is available with a glass in opal matt pleated, opal matt, amber, cognac or smoke grey. In addition, the floor lamp is offered in the surfaces brass anodised, black, platinum and aluminum matt. The reflector can be aligned as desired. Thanks to the glass, light is emitted glare-free directly and laterally through the reflector into the room. Depending on the glass selected, the light emitted laterally is coloured.

The Aura S glass can be adjusted in height between 120 cm and 150 cm. The lamp is infinitely dimmable via the push button dimmer on the light rod. When dimming, the used Dim-to-warm technology changes the light colour of the integrated LED to a warmer tone (from 2,900 Kelvin warm white to 1,800 Kelvin extra warm white). A memory function saves the last light intensity setting and automatically adjusts it the next time the light is switched on. The series also includes the Aura S with a metal reflector.
