## Technical details

<b>Pays de fabrication</b>	 Allemagne
<b>Fabricant</b>	Holtkötter
<b>Créateur</b>	Holtkötter
<b>année</b>	2020
<b>Contenu de la livraison</b>	LED
<b>matériel</b>	métal
<b>réglage de la hauteur</b>	réglable en hauteur
<b>atténuation</b>	dimmerable sur place avec commande gradateur de phase inverse
<b>LED</b>	y compris
<b>Indice de rendu des couleurs</b>	>95
<b>La température de couleur en Kelvin</b>	Dim to warm
<b>canopée Dimensions</b>	38 cm
<b>Diamètre du réflecteur</b>	9 cm
<b>remplacement des ampoules :</b>	chez le fabricant / a l'usine
<b>Les performances du système</b>	3 x 16,6 Watt
<b>Flux lumineux total en LM</b>	4.980
<b>hauteur totale</b>	160 cm

## Description

The Holtkötter Aura R3 pendant lamp consists of three lamps mounted on a round canopy. This pendant lamp has three reflectors made of metal, which are available in the colours brass anodised, black, platinum and aluminum matt. The pendant lamp is also offered in anodised brass, black, platinum and matt aluminum. The canopy is supplied with the surface finish that matches the lamp.

Each pendulum of the Aura R3 can be adjusted in its total height up to a maximum of 160 cm by simply pushing it upwards or pulling it downwards. With an integrated roll-up mechanism, the cables disappear into the canopy and the lamps always remain horizontal at the desired height.

The Aura R3 from Holtkötter can be dimmed on site using a trailing edge phase dimmer. When dimming, the used Dim-to-warm technology changes the light colour of the integrated LEDs to a warmer tone (from 2,900 Kelvin warm white to 1,800 Kelvin extra warm white). A memory function is used to save the luminous intensity last selected and automatically selects it the next time the pendant lamp is switched on. Also from the series, the Aura R3 with with three mouth-blown glasses and the Aura P3 with a rectangular canopy are available. Furthermore, pendant lamps with two lamps on one canopy are also on offer.
