Athene WallCeiling A-BDL1 alu touchdimmer arm black

Technical details

Pays de fabrication	 Allemagne
Fabricant	less'n'more
Créateur	less'n'more
Indice de protection / Indice IP	IP43
Contenu de la livraison	LED
matériel	aluminium, verre
surface	aluminium
angle du faisceau	25 - 100 degrees
atténuation	Touchez Dimmer à la canopée
Puissance en Watt	4,8 W
LED	y compris
Indice de rendu des couleurs	90
Flux lumineux en lm	600
La température de couleur en Kelvin	2.700 extra blanc chaud
canopée Dimensions	7 cm
bras flexible	noir Textile
tête de luminaire masse	7 cm
remplacement des ampoules :	sur le site meme
Dimensions	L max. 31 cm

Description

The Less'n'more Athene Wall / Ceiling Light A-BDL1 is a surface-mounted lamp with a flexible lamp arm. The lamp arm can be stretched and bent as desired. At maximum extension of the lamp arm, the wall and ceiling lamp has a length of 31 cm. The flexible lamp arm is available in the following colours: aluminum, textile black, white, anthracite, blue, green, red and brown. A lamp head made of aluminum is attached to the end of the arm. A 6 Watt LED with a colour temperature of 2,700 Kelvin extra warm white is included. The aluminum canopy has a diameter of 6.5 cm.

This Athene lamp can be used as a wall or ceiling lamp. Lamp head and canopy are offered in the surfaces aluminum, black and white. This Athene wall and ceiling lamp is available dimmable on site with a trailing edge phase dimmer or with an integrated push button dimmer on the canopy / wall bracket. The beam angle of the light can be adjusted between 25 and 100 degrees at the lamp head. To do this, the glass lens is turned out of or back into the head. The beam angle determines the angle at which the light emerges from an LED spotlight. The larger the beam angle, the larger the illuminated area, but it also becomes less bright because more area is illuminated.

In addition to this wall and ceiling lamp, a larger lamp with a maximum length of 62 cm is also available from Less'n'more. On request, the Athene Wall / Ceiling Light A-BDL1 is also offered with special colours for the lamp arm or with a Protective contact plug for operation at a power socket.
