remplacement des ampoules :	sur le site meme
Support mural Dimensions	12 cm
Dimensions	H 26 cm

Description

The Grupa Baluna Ceiling / Wall can be used as a ceiling or wall lamp. It has a height and depth of 26 cm. Its lamp shade consists of triple-coated, mouth-blown opal glass with a diameter of 19.7 cm. The glass shade can be rotated 360 degrees around its own axis. Below the glass shade, there is a built-in dimmer. The light is emitted through the glass shade glare-free and homogeneously in all directions.

The Baluna ceiling and wall lamp is mounted directly to a connection on the ceiling or wall. The ceiling or wall mount is made of powder-coated black steel and is finished and assembled by hand. The Grupa lamp is available in other finishes on request.
